

MORE CARE.
More peace of mind.

Dementia Experience Shows Dementia is more than just memory loss

Freedom Home Care and Monarch Health Care Management ask community members to join them for a unique experience that will change the way they view Dementia.

The Dementia Experience aims to educate people that Dementia is about much more than memory loss. The experience includes a Virtual Dementia Tour and a Dementia Friends Presentation.

The 2018 schedule includes events on January 16, April 17, July 17 and October 16.

Ask the Expert

Q: My neighbor shows increasing signs of memory loss. I help him out as much as possible, but I work full time. He is still driving a car and has not had an accident — yet. With winter upon us I am concerned he may get lost. What suggestions can you give me?

[Find out what advice Sharon has for this concerned neighbor.](#)

Meet Ann Cesafsky, LSW

Ann has been working with older adults for years and her experience with the elderly and their families has given her a desire to promote their individual needs, as well as focusing on giving compassionate care.
