

HOSPICE PROGRAM

Supplemental Home Care Services

Home Care can be a beneficial supplement to hospice care by managing the daily household tasks that have become difficult or tiring and by assisting with personal cares, family respite and overnight caregiving to allow family members to get much needed sleep with the peace of mind that their loved one is not alone.

- 24/7 care
- Overnights so family can sleep
- Coordinating coverage with family
- Keeping the patient in their own home where they are most comfortable
- Extra household support for the family
- Supervision and companionship for patient
- Assistance with transfers
- Repositioning

Collaboration to provide comfort and peace of mind.

- Supplements Hospice services to cover those difficult times when family and/or Hospice is not able to be there including overnight care and even live-in care.
- Collaboration with Hospice to provide additional care around the Hospice benefits like keeping the house clean and meals prepared so family can focus on their loved one.
- Offer extra support to family by filling in the gaps and ensuring them that when they are not able to be by their loved one's side, there will be a caregiver their tending the needs of the patient and making sure they are never alone.
- Present a combined solution with active communication between Hospice and Freedom Home Care to ensure all of the patient's needs are being met.
- Offer a formalized RN Plan of Care developed and monitored through supervisory and wellness visits. Compliance and progress tracked via documentation to ensure we are providing the best services as promised.
- Ongoing communication with Hospice of client's condition.
