Happy National Case Management Week

We want to say a big thank you to our Freedom Home Care Case Managers. The service they provide allows us to care for the whole person by really getting to know the needs, goals and preferences of our clients. This results in quality one-on-one care for our clients as well as assistance in navigating new challenges faced as an aging adult. We also want to thank our Case Management partners in the community for caring for aging adults in the clinic and hospital settings. You make a big difference everyday!
