

It has been our pleasure to serve Southern Minnesota with home care, medication management and case management services for the last six years. We know that wouldn't be possible without the trust of our partners in caring for aging adults. 2020 has brought about growth for Freedom Home Care including a new location in Owatonna, MN. It will also bring about change. Beginning in October, Chris Mihm will be the sole owner of Freedom Home Care. While Christine Nessler is leaving Freedom Home Care to pursue other passions and care for her family, she remains dedicated to the success of an industry she feels strongly will continue to change how aging adults are cared for in the future. Chris and the team at Freedom Home Care have big plans for the future that include continued care for the people of Southern Minnesota.
